

TINGEWICK PARISH COUNCIL

Tingewick Recreation Ground Development

Residents' Survey Questionnaire

Following the successful drainage and reseeded of the Recreation Ground, Tingewick Parish Council have now started work on a further programme of major improvements. Our aim is to create a community park that will provide recreational space, activities and equipment that can be used by all ages and sections of the community in Tingewick and adjoining parishes. To enable us to do this we will need to apply for grant funding and show clear evidence of need and future support. This is why it is of great importance that you give us your views on what you would like to see provided and help us to judge the levels of support for the facilities.

We urge all members of your household to complete the questionnaire and make your views known, even if you don't currently use the Recreation Ground.

Please note

1. Your reply will not identify you unless you wish to be kept informed and complete the contact box at question 6. The reference numbers are only to ensure that replies are not duplicated. The information will only be used in aggregate form and no individuals will be identified without permission.
2. The questionnaire will be collected from you within 10 days of delivery. If you think you may not be available then, you may leave it at the shop or deliver it to Peter Smith, Crawford Cottage, Stockleys Lane.
3. The questionnaire can also be completed on-line and is available on the Parish Council website at tingewickparishcouncil.org.uk
4. If more than 4 members of your family wish to contribute, please write in the spaces under the boxes

To start, please let us have some general information about each member of your household, including those temporarily living away.
